IN MEMORY OF LEE.

Government Recognizes Birthday of Famous General.

Washington—Official recognition, in a limited way, of the birthday of General Robert E. Lee is to be given by the treasury department. The anniversary of the birth of the famous Confederate soldier falls on January 19, and the collector of customs at Newport News, Va., has been authorized to close his office on that day for as long a time as public business will permit. The honor paid General Lee's memory is an unusual one, as rarely, if ever, it happens that a public office is closed on the occasion of the celebration of birthdays of noted Americans, except, of course, when regular legal holidays provide for it.

Falls 60 Feet to Death.

Lampton, Gt.—Hurled from the top of a water tank, 50 feet high, to the ground below was the horrible accident that resulted in the death of J. E. Oliver, of Macon. Oliver was at work on the tank, when his footings slipped in some manner, and he was thrown to the ground, 60 feet below. Death was instantaneous.

cotton pool would be formed which would practically amount to a corner in cotton.

Estimates as to the amount of loans which have been liquidated in consequence of the collapse of the bull pool in cotton, and the decline in the market, range from \$100,000,000 to \$200,000,000. It was only too evident that the pool headed by Seales, with P. B. Brown and Frank B. Hayne, of New Orleans, and James A. Patton, has met its Waterloo. But it is still a long cry to St. Helena, for the bull leaders have held a long conference and had plans for a new campaign to begin in a few days.

TRAGEDY IN CAFE.

Man Fatally Shoots His Sweetheart Then Kills Himself.

La Salle, Ill.—Edwin D. Faber, a constable of Mendota, Ill., shot and probably fatally wounded Miss Sadie Hauser in a crowded cafe and then killed himself, falling dead over her body. Faber, it is said, wrote a note to the girl, with whom he was infatuated, saying: "I'm coming over to morrow to kill you."

She paid no attention to his threat until he entered the cafe where she was dining with friends. "I'm here to keep my promise," he said, and began firing with a revolver. Miss Hauser, shot through the head, fell to the floor. Then Faber shot her through the abdomen. Faber's death was instantaneous from a bullet wound in the head. Miss Hauser was taken to a hospital.

THEY ASK FOR TROOPS.

Many Tragedies Stir Sunflower River

Section of Mississippi. Angilla, Miss.—The third killing in three days in this neighborhood took place on the Sunflower river, near here. The frequency of such tragedies of late has aroused many of the citizens, who have telegraphed Governor Noel asking that soldiers be sent here to restore order.

The last tragedy was the killing of Noah Borodarsky, a merchant of Silver City, by Jesse Martin, a planter. The trouble arose over a horse trade. It is said Martin swapped Borodarsky a horse which he said would work to a buggy. Borodarsky, it is said, claimed the animal would not do as represented and wanted to sell the trade off, which Martin refused to do until Borodarsky covered him with a pistol. Martin, it is alleged, at once went to his home, procured his shot gun and meeting Borodarsky in the road, shot him.

NEGRESS MADE MERRY.

Masked and Handcuffed Attired, Took Part in Sweet Club Ball. St. Louis.—An undisciplined negress made merry for an hour, it is said, as a guest at a society masked ball at the Century Boat Club. Before she was discovered she had danced with several unsuspecting men, and the club officials are now looking for the person responsible for her appearance at the function.

Handcuffed and wearing a head mask and long gloves, she appeared on the floor during a "spook" dance, when the lights were low, and accepted her share of attention from that time on.

## Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectively assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apple-pox, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

## Hon. Ezra R. Brannen.

In this issue of The Elba Clipper appears the announcement of Hon. Ezra R. Brannen, of Pike County, for circuit judge of this, the twelfth judicial circuit.

Mr. Brannen needs no introduction to the people of Coffee County. He is the son of our esteemed fellow-townsmen, Hon. Calvin L. Brannen, and the brother of Mr. W. H. Brannen.

He was born in Coffee County and resided here until a good big boy, removing with his parents to Pike County. In the county of his adoption Mr. Brannen has resided abundant success.

Mr. Brannen has been for nine years solicitor of the law court of Pike, and has made an enviable record as such. He has many times served as special solicitor at different courts in the circuit, and has everywhere made a reputation for ability, and has acquired hosts of friends over the circuit.

Mr. Brannen has always taken a live and active interest in public matters of every sort, having served his city as a member of the City School Board for many years, and having been for ten years chairman of the Democratic County Executive Committee; in both these places, which carry no remuneration, but entail a great amount of work, his fairness and discernment, as well as his ability, have endeared him to those with whom he came in contact.

Mr. Brannen is a big, broad-gauged man, a likeable man, of broad human sympathies. As an attorney his ability is of the very best. He is in the prime of mental and physical vigor, and is in every way fitted to make an able and distinguished judge. He starts in the race with strong support and will be a formidable candidate.

Judge Henry A. Pearce.

Judge Henry A. Pearce announces in The Elba Clipper this issue for re-election as judge of this circuit. His record is before the people and is an open book. He is a self-made man, one of the crop of boys that came on after the big war with a widowed mother to support, with a mule to pull a ball cord over when he might have been in school had his lines been cast in more pleasant places. But

merit came naught for obstacles. On the farm as a boy and young man Judge Pearce made good, and while learning how to make the rows straight, this wire-grass boy "hitched his wagon to a star."

"In those days there were giants in the land"—Pugh, Oates, Baker, Roberts, practiced law in this section, and from their achievements this intrepid youth gathered inspiration.

Getting an education as best he could, Judge Pearce became a lawyer, a good one; moreover an honest lawyer. At the turning point of Dothan's career he was mayor of the town, and much of that place's recent development and progress dates back to his administration.

In 1904 he was elected judge of this circuit, receiving a flattering vote. He was and is one of the youngest judges in the state and one of the best. He knows not fear or favor. Rich and poor, powerful and weak, all are treated alike by him. He has ever held that courts should be very careful about criminal prosecutions that involve the collection of debts, and his charges to grand juries about these matters have done much to make the people come to a proper understanding of the fact that there is and should be no imprisonment of poor and friendless people on account of debt.

Judge Pearce is fearless and impartial; he does not mince words, but rules with incisive brevity, and without apology or equivocation. He dispatches business with wonderful rapidity. He maintains an orderly and dignified court, in which all men know that there presides an honest, able judge. His record is a clean one, and he asks for the customary second term which has been a democratic precedent from time immemorial, and his friends say the voters of the circuit will give it to him.

Frank Peacock Caught.

Frank Peacock has been captured by Sheriff Jim Knight in Montgomery. It will be remembered that he killed Isiah Grubbs, another negro, in Northeast Coffee some two years ago. He broke out of jail at Elba and has been at large.

Sheriff Knight deserves great credit for his work in catching this man. He is one of the very best man-hunters in the whole country, and the county has cause to be proud of his record in catching criminals.

It is said as an expert crackman, Postoffice Inspector Fred Roeger has identified the body of the larger man as "Tennessee Dutch," a famous postoffice burglar and an escaped convict.

## WINS \$10,000 PRIZE.

Frenchman Makes Remarkable Cross-Country Flight.

Aviation Field, Los Angeles, Cal.—Louis Paulhan, in his Farman bi-plane has made what aviation experts consider the most remarkable cross-country flight in history. He flew from Aviation Field to "Lucky" Baldwin's ranch, 23 miles away, circled the old Santa Anita race track and returned. He covered an estimated distance of 47 1/2 miles in one hour 2 minutes 45 seconds. He went down with the wind in 20 minutes and came back against it in 33 minutes.

Rivals Any Flight Ever Made.  
In sheer beauty and contempt of danger, the flight rivals the scene on any aviation field of the old world. The only test approaching it in this country was that made by one of the Wrights last fall, on a flight with an army officer from Washington to Alexandria.

It is probable that the prize of \$10,000 will go to Paulhan. There will be much official pondering and cabling, however, before a new world record is added to the glory of France.

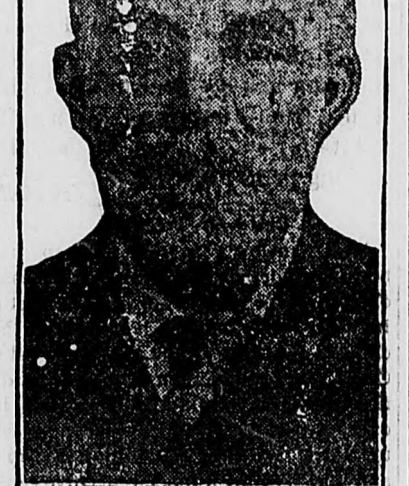

## ENGLISH ELECTIONS.

John Burns, Labor Leader, Returned To Parliament.  
London.—At the conclusion of Monday's polling in the general elections, the parties stood as follows:  
Unionists, 92.  
Liberals, 77.  
Laborites, 16.  
Nationalists, 13.

Net gains for Unionists, 29.  
The government fared much better than their most ardent supporters expected. The Unionists gained nineteen seats, the Liberals four and the Laborites one, making a net gain for the Unionists of 14.

This practically assures the return of the Liberals to power with a fair majority.

John Burns came back to parliament with flying colors. Although in the great landslide of 1906 he won by 3,600 votes, his normal majority is 15,000.

JOHN BURNS.

about 200, and in Monday's hard fought battle, he beat A. Shirley Benn, Unionist, by 555.

Defeat has been predicted for "Hop" but John personally during the past decade, and Mr. Burns and his friends were considerably frightened this year.

### Killing at Ozark.

Ozark, Jan. 26—Marvin McDonald, aged 27, well known here, where he was raised, was shot and fatally wounded at 8 o'clock last night, by C. B. Garner, aged 25, cashier of the Ozark City bank.

Immediately after the tragedy Garner left and it is not known where he is hiding. His father is William Garner president of the Ozark City bank, and his brother, Ralph Garner, is an assistant state bank examiner.

The shooting took place in the Salica's store and fruit stand, where the two men met just after supper. Little was said before Garner pulled a pistol and fired and McDonald fell back with a bullet hole in his bowels.

Garner stepped out of the store and was soon out of sight. He has not been seen since, but it is thought he can be readily located when the trouble takes a definite attitude as to the future.

Doctors were rushed in to the aid of the injured man and he was made comfortable until train time when he was rushed to Montgomery.

The shooting attracted wide attention from all sides. Both the men are well known and of families who have been for years in the county. McDonald, who is a machinist, has lived here all his life, though some time ago his father, J. F. McDonald, with the rest of the family, moved to Waycross, Ga., to live, the father

finding employment there in the railroad service. William Garner, father of the man who did the shooting is a member of the legislature from his county and a candidate for state treasurer at the coming primaries.
